

1.

Na daljinskom upravljaču stisnuti tipku INPUT i strelicama doći na HDMI i stisnuti ENTER

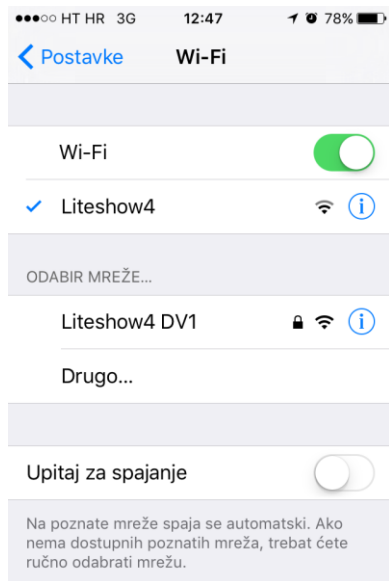

Prikazati će se na platnu sljedeća slika

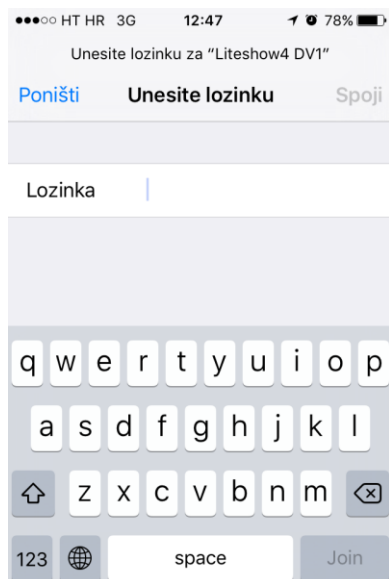

2.

spojiti se na iPhone-u na mrežu Liteshow4 DV1 tj. broj dvorane u kojoj se nalazite

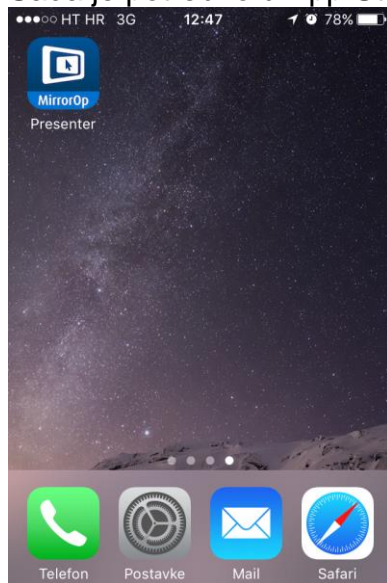

3.

upisati password za mrežu (onaj koji ste dobili mailom)

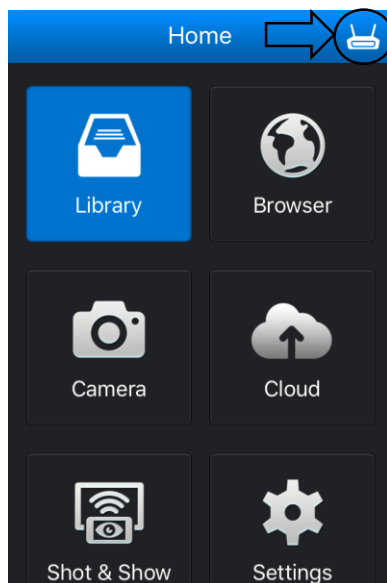

4.

Sada je potrebno u App Store instalirati aplikaciju MirrorOP Presenter

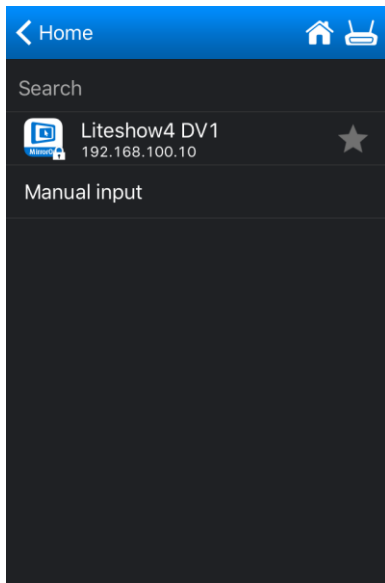

5.

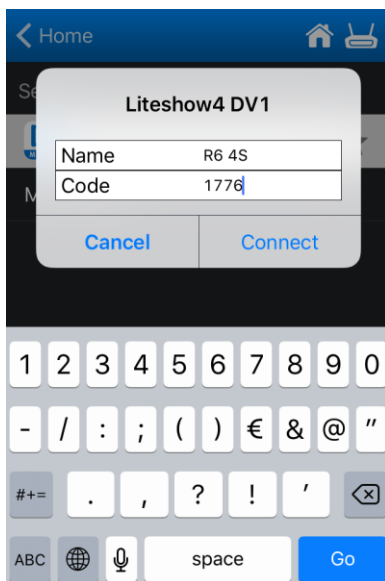

Pokrenete aplikaciju i u desnom kutu kliknete na ikonicu rutera (desno od Home)

6.
Odaberete LiteShow4 DV1 (ili u kojoj se dvorani nalazite)

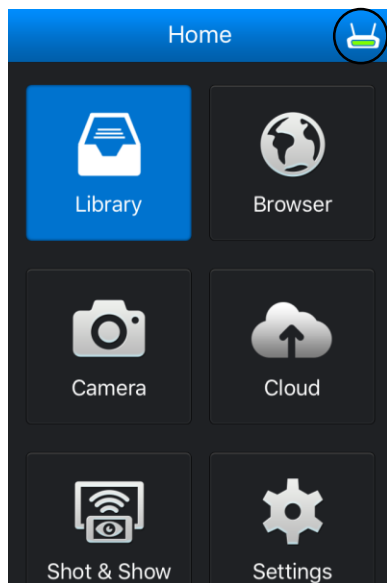

7.
Upišete Code: 1776

8.

Sada bi trebali biti spojeni

9.

Kliknite na ono šta želite projicirati (Camera, cloud, Browser..)
Nakon toga imate u gornjem meniju tipku play

Ostale upute za korištenje imate u dokumentu User Guide

NAKON KORIŠTENJA OBAVEZNO SLIKU VRATITI NA (COMPUTER)

(na daljinskom upravljaču stisnuti INPUT i odabrati COMPUTER i stisnuti ENTER)
